

This half term, our Geography topic is Rivers. We will also be studying sound in Science.

We would like you to **complete at least two of the items listed in column 1** and then to choose some, or all, of the tasks in column 2. All designing and written tasks can be completed in the children's home learning book.

Column 1	Column 2
<p style="text-align: center;">Create a map that shows England's major rivers. If you would like to include other details, please create a key.</p> <div style="display: flex; justify-content: space-around; align-items: center;">    </div>	<p style="text-align: center;">Make a model of a river or the water cycle. Try to label it with the technical vocabulary.</p> <div style="display: flex; justify-content: space-around; align-items: center;">     </div>
<p>Write a report that describes one of the world's great rivers or water features. There are lots to choose from, including: Amazon, Nile, Thames, Seine, Victoria Falls, Niagra Falls, Hoover dam, Karun 3 dam... Please include subheadings. You could write about where the feature is, what's special about it, animals that live in/around it, the dimensions of the waterfall or the purpose of the dam and its effect on the environment.</p>	<p style="text-align: center;">“Can you hear a sound in space?”</p> <p>Do some research to find out the answer to this question. Write about what you find and show your findings by creating a diagram or illustration.</p>
<p>Write a letter to someone who drops litter and does not recycle. Explain to them how plastic is endangering the lives of marine animals. Research the effects of plastic pollution and persuade them to stop contributing to it.</p>	<p style="text-align: center;">Design a poster to persuade people to stop littering or to stop plastic pollution.</p> <div style="display: flex; justify-content: space-around; align-items: center;">      </div>

Bring in your completed projects by Monday 17th December
