

Torridon
Primary School

Reading

This half term, we are introducing an exciting new approach to reading: Destination Reader. Children will be developing a range of core skills, such as inference, prediction and making connections. Our core text will be Oliver Twist. We encourage children to read lots of books set in London.

Writing

In writing, we will be writing narratives based on Oliver Twist. Children will also be writing: play scripts, persuasive texts, biography and non-chronological reports.

Mathematics

This half term children will be learning how to add and subtract amounts of money to give change, using both £ and p in practical contexts.

We will continue to develop our multiplication and division skills. All of these calculation skills will be deepened and broadened through the use of reasoning and problem solving.

Meet the Team!

Team Leader: Nick Younger

Teaching Staff: Ada Chinda,

Oma-Louse Odigboh, Claudia Radu

Support Staff: Sharon King, Vicky Clarke,
Chris Godfrey, Dorcas.

London: Why do we trade?

Supporting Your Child's Learning at Home

BBC Bitesize has lots of information about Rocks and Soils. Search for: "BBC bitesize KS2 Rocks"

Visit the Science Museum to find out more about Rocks.

Support your child's maths at home by practicing the times tables for 5 minutes a day.

Year Three

Spring 1 2019

Science

This term we will be studying Rocks and soils. Pupils will be using all their science skills (investigating, observing, testing and predicting) to find out about different rocks including the different types of rocks and fossils. Our scientist of the topic will be Mary Anning.

Topic: Geography

Pupils will be studying London with a particular focus on trade. We will be finding out all about the landmarks, cultures, the Thames and settlement.

Enrichment

We are planning a charity book sale at the end of our topic. We will be asking for donations from the whole school to bring in books for this event. We will persuade the children of Torridon school to donate books and come to the book sale to buy books on the last week of school.

All money raised will be donated to charities that promote reading in poorer communities.
