

Nursery Spring 2

Dragon and dinosaur tales

Personal, Social & Emotional Development

We will continue to encourage children to talk about their own feelings and begin to recognise other people's feelings. We will talk about describing ourselves in positive terms and talk about our own abilities.

We will work as part of a group to get a task completed.

During this half term we will be reading 'Amazing', 'Dinosaur Roar' and information books about dinosaurs.

Physical Development

We will explore how exercise, eating, sleeping and hygiene can contribute to keeping healthy.

We will have the opportunity to take part in different ball games using hand and eye co-ordination.

We will travel safely under, over and through the climbing equipment.

Communication & Language

We will be encouraging the children to talk about different dinosaurs and to use describing words.

We will encourage the children to use simple questions to find out more such as 'why, who, when, what, how?'

We will learn new vocabulary related to dinosaurs.

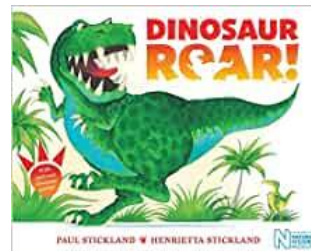

Literacy

We will be using describing words to describe dinosaurs.

Children will experience making labels, dinosaur books, cards, captions and speech bubbles.

We will also be practising writing our names and have a go at writing other words.

We will be reading and recalling stories and explore finding out facts from information books.

Maths

We will be exploring 3D shapes and 2D shapes and making dinosaur pictures and models.

We will use positional language such as 'behind', 'below', 'above' and 'next to'.

We will explore measuring different lengths and heights.

We will recognise and order numbers to 10.

Understanding the World

We will explore the role of a librarian and role-play going to the library. We will talk about some of the things that make us unique. We will explore and observe plants and objects such as fossils and stones. We will use a computer to find out information about dinosaurs.

Expressive and Creative Arts

Children will be able to explore different painting and printing techniques. We will use various construction materials and make our own dinosaurs. We will learn dinosaur songs and use the outside music area to create 'a dinosaur stomp'.
