Looking after Ourselves and Each Other

Resource Base—Blue

Autumn 1 2020

Reading

Our main focus for this half term will be developing the skill of retrieval and inference. This will involve looking at different types of questions and generating questions. We will be making predictions, finding and explaining the meaning of words in context.

Writing

In writing, our chosen book for this half term is 'Here We Are' by Oliver Jeffers. Learning will be differentiated and, where appropriate, children will complete learning set by their linked class. We will use this text to discuss themes of personal responsibility, emotions and friendship.

Mathematics

This term, we will be focusing our learning on number, place value and rounding. Learning will be appropriately differentiated and, where appropriate, children will complete learning set by their year group. We will be completing a range of practical maths activities to further embed learning.

Meet the Team!

Team Leader: Lena

Teaching Staff: Tom and Ana

Support Staff: Allison, Valerie, Bella,
Elizabeth

Wheel of Well-being

Supporting Your Child's Learning at Home

Children are to read daily and complete their reading records. Mathletics and SPaG.com home learning tasks will be set every Friday. Please see your child's class teacher if you are unable to log on to any of them.

Spending time exploring the following websites would support your child's learning:
<https://www.mathsisfun.com/>

<http://www.primaryhomeworkhelp.co.uk/>

Science

We are learning about 'Forces' and looking at types of forces such as gravity, friction, water resistance and air resistance. We will identify the forces and find out about Isaac Newton and his discoveries about gravity. During some of the practical science learning, we will discuss variables in order to make a test fair.

PSHE

This half term our topic work will be based around our core text, Here We Are. We will focus on the recovery from COVID 19 and lockdown and our return to school. We will think about how this affects our emotions, resilience and attitudes.

PE

The Resource Base will have PE on a Wednesday. Please ensure that your child wears their PE kit to school on Wednesdays.
