

Torridon
Primary School

Reading

During our reading lessons, we will focus on the skills of clarifying, summarising and evaluating. We will combine some of these skills to consolidate and apply. On Fridays, we will complete a reading comprehension task where we will recognise and answer different questions types.

Writing

In writing, our chosen book for this half term is 'The Tempest' by William Shakespeare. We will learn how to write in role as well as writing and performing play-scripts. In addition, we will be using a range of writing devices to change and adapt a story.

Mathematics

This half term, written methods for multiplication and division will be the focus of our learning before moving on to perimeter and area. We will explore multiples, factors and prime numbers before solving practical problems involving all new skills.

Meet the Team!

Wild Water

Supporting Your Child's Learning at Home

Children are expected to read daily and complete their reading records. Mathletics and SPaG.com home learning tasks will be set every Friday. You could also try:

Year Five

Autumn 2 2020

Science

We will be comparing and grouping everyday materials based on evidence from fair tests including their hardness, solubility and thermal conductivity. Children will use knowledge of solids, liquids and gases to decide how mixtures might separate, dissolve and evaporate, noting whether these changes of state are reversible.

Topic and Geography

Our main focus for topic this half term will be to describe and understand key aspects of physical geography exploring the water cycle. We will look at the geographical significance of latitude, longitude, the equator and the northern and southern hemispheres.

PE

This half term we will be practising Kwik Cricket. Year 5 will be having PE every **Friday**, and they will also be having dance sessions on **Tuesdays**. Please ensure your child wears their PE kit to school every Tuesday and Friday.
