For Richer, For Poorer

Supporting Your Child's Learning

Please continue to read with your child on a daily basis—try to read a range of books.

Home learning will continue to be set on Mathletics and Spag.com.

Year 6

Summer 1 2021

Science

As part of our Science unit, we will be studying Evolution and Inheritance. We will be exploring the theories of evolution and looking at how we inherit genes and features from our parents. We will be investigating and exploring evolution from prehistoric life to now.

History

Our Historical studies will focus on life in Britain from 1066 to now. We will be investigating what life was like in different time periods from 1066 and looking at social inequalities. We will tackle aspects of history such as the Feudal system and compare these systems with modern life.

PSHE

PSHE will focus on raising aspirations and looking forward to the future. With transition to secondary becoming closer, children will learn ways to develop their emotional intelligence in preparation for secondary life.

PE

For P.E, Children will be learning the skills involved in playing football. In particular, children will be taught the importance of team work and the basic skills needed to be part of a team including tactical skills. **Children must come into school in their PE kits on Wednesdays and Thursdays.**

Dance

Title: Twisted

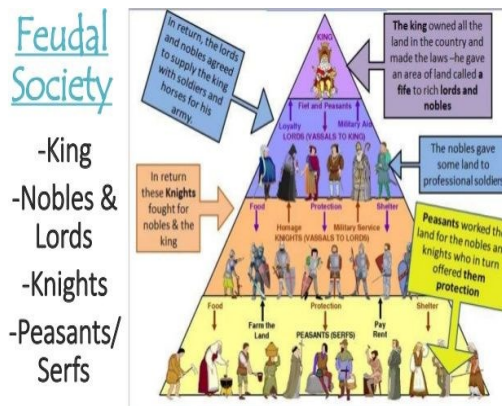

Children will study a variety of traditional, modern dance works and film based on Oliver Twist to explore, perform and choreograph dance based on the topic Rich to Poor. Using parkour and Hip Hop style to bring the classic into a contemporary setting.

Music

Children will be learning about what makes an effective bassline in music. Children will be using their senses to describe the sound and begin to compose music. Children will be performing their compositions.

MFL

We will be continuing to practice our French using phrases and words associated to sport. We will be learning to converse with others and discuss a range of activities that make up the Tokyo Olympics.

Art

For Art, the children will delve into the world of Grayson Perry whose contemporary art work dissects prejudices and social class. The children will be learning about British culture through various art works.

DT

For DT this term, we will be designing a Victorian waistcoat which we will be making from a variety of textiles. The waistcoat will be made using templates and a variety of sewing techniques.

RE

For RE this term, we will be studying Judaism and learning about the stories of Abraham and Moses. We will be discussing Judaism in detail and looking how Judaism has similarities to other religions around the world.

Computing

Computing will see Year 6 taking on the challenge of software and computational thinking. Children will be learning about a different range of software and how it enables them to use devices.
