

Reading

Children have daily opportunities to read with an adult and answer comprehension questions about the book. Some children (who are learning phonics) will read books associated with their current phonics ability.

This term, we will be introducing lots of non-fiction books as we will be learning about public transport and London Landmarks.

Meet the Team!

Team Leader: Lena

Teaching Staff: Anna & Ciara

Support Staff: Valerie, Azena, Jamie, Talyia, Fanta,

Topic

We will be looking at different types of transport and how they are used around London and how it has changed over time.

Writing

Our theme for writing this term will be 'Public transport and London'. In Green Pathway, we will be encouraging the children to write simple keywords, mark make and create structured sentences using colourful semantics.

PSHE

We will be focusing on hygiene and self-care to encourage the children to be more independent. We will also be continuing to use social stories to support the children with their understanding of social skills, good learning behaviour and self-regulation.

Mathematics

We will be deepening our understanding of number and relationships between numbers by introducing one more/ less and some simple addition and subtraction.

Supporting Your Child's Learning

Please support your child to complete their Mathletics and Spag.com tasks which will be set on Fridays. Please can you also ensure they read everyday and bring their reading record to school each Monday.

Torridon
Primary School

Resource Base
Spring 2023

PE

We will have our PE session on Wednesdays. Please ensure the children attend school in their PE kit.

Dance

In dance, this term we will be exploring movement around the theme of City Life - transport, city workers, sight-seeing and famous buildings.

Music

We are going to be linking our topic of Transport to our music and learning different songs based on the type of transport we are learning that week.

Interventions

The children will be accessing a range of interventions, including Attention Autism, Intensive Interaction, People games, Language for Thinking, Phonics and Dandelion readers.

Transport and London

Art/ D.T

We are going to continue our sensory journey in Art with lots of activities focused on mixing and making using fine motor skills. We will be combining Art and Dance for part of the session and following a program called "Art on the Move" which will work more with gross motor skills.

In D.T will be constructing models of transport using recycled materials.

Computing

We will be making digital information posters and booklets based on different modes of transport

This half term we will continue to provide the children with a range of opportunities to help increase their independent and functional communication, social and emotional regulation skills. The curriculum will be tailored around the children's individual needs and special interests.
