8<sup>th</sup> September 2023

Dear parents and carers,

Welcome to the new academic year! I hope you all had a wonderful summer and got to spend some time with loved ones.

We have had a great start to the term. The children have settled into their new classes and have really enjoyed the launch of their new learning. Curriculum leaflets have been issued today so you can see some of the learning which will be taking place this term.

Thank you to those of you who were able to join our welcome meetings this week. We hope you found them helpful and informative. If you do have any questions for your child's teacher, please send an email to [admin@torridonprimary.lewisham.sch.uk](mailto:admin@torridonprimary.lewisham.sch.uk). We will try to respond to your query within 24 hours. Staff are more than happy to call or to arrange a meeting.

In response to your feedback about having more notice for school events, we have published an annual calendar with some of our key events timetabled. We will add to this as the term progresses and will reissue half termly to keep you updated.

Thank you, as always, for your ongoing support.

Very best wishes  
Manda George  
Headteacher

## Morning Drop Off

Thank you for helping us make sure the start of term ran so smoothly. The children have settled in beautifully and we are very proud of them.

From Monday, all children from Year 1 to Year 6 will make their way to class independently. Staff will be on the playground to accompany children who may need support in the first instance.

If you need to get a message to your child's teacher, please speak to the member of staff on the gate or email [admin@torridonprimary.lewisham.sch.uk](mailto:admin@torridonprimary.lewisham.sch.uk). Staff will be very happy to speak to you over the phone or make an appointment to meet with you.

Thank you

# Take One Picture Celebration

Take one picture celebration  
Friday September 22<sup>nd</sup>

3.15-4.00pm

This year we are taking part in the National Gallery's scheme Take One Picture, a programme to inspire a lifelong love of art and learning.

Every year the National Gallery selects one picture from its collection and shares it with primary schools across the country.

The idea is to inspire cross-curricular learning in primary classrooms. Torridon teachers will be using the picture "Surprised" By Henri Rousseau as a starting point to deliver most of the learning for the first two weeks of term!!!

We would love to share with you some of their outcomes, so please come and visit us in the year 5 hall after school on Friday the 22<sup>nd</sup> of September to celebrate the children's learning.

## PE Uniform

Children are timetabled for dance and PE lessons every week. On these days, children can come to school wearing their PE uniform (black shorts or tracksuit bottoms, white T-shirt with or without the Torridon logo and black plimsolls or trainers).

PE and dance lessons take place on the following days:

Year 1	Tuesday and Thursday
Year 2	Thursday and Friday
Year 3	Monday and Thursday
Year 4	Wednesday and Friday
Year 5	Tuesday*
Year 6	Monday and Thursday

\*Year 5 are timetabled for a block of swimming lessons as their second PE slot this term.

# Nursery Fun In The Sun

## Reception Settling Week

We have had such fun settling into our new Reception classes this week. Look at all the fun we have had!

## Year 1 – Tigers in the Jungle

Year 1 have created their very own jungle scene as part of the Take One Picture Project.

They each drew and painted a leaf to create the jungle setting and then we added some tigers!

## Year 2 – Take one Picture

Year 2 have been having lots of fun during our take one picture project. Inspired by this year's painting 'Surprise' by Henri Rousseau we created our own collages which even included a secret fact about ourselves lurking on one of the leaves. Take a look at our wonderful artwork...

## Year 3 – Take one Picture

In year 3, the children have been enjoying working on our theme of “Take one Picture”. We have looked at ‘Surprised’ by Henri Rousseau and thought about what might be happening to the tiger. The children made some insightful comments about the picture and there was lots of interesting discussion. Some children thought the tiger was a hunter others thought that the tiger was being hunted. What do you think?

## Year 4 Working Together

Year 4 children really enjoyed researching facts about tigers and then worked in teams to put the tiger parts together.

## Year 5 Art

Year 5 have had an excellent start to the term displaying a real positive attitude towards their learning. They have enjoyed completing learning around the 'Take One Picture Project' especially their art where they used drawing skills to adapt the art piece 'Surprise' by replacing the animal with their own.

## Year 6 Learning

It has been a great first week of the Autumn term in Year 6. The children have settled quickly and have an excellent attitude to learning. They have started their theme week by learning about Henri Rousseau who is the 2023 'Take one picture' artist.

We have been writing biographies, creating artwork inspired by Rousseau and making motivational posters based on mindset, kindness and challenging ourselves. It has been a great week and we look forward to next week.

## Our Wonderful Week in the Resource Base

We have had a wonderful first week. We did jungle paintings around the 'Take one Picture' by Henri Rosseu. We spent lots of time finding out about people who will help and support us around the school and how we are going to do fantastic learning in the resource base and our year group classes.

## TALKING TEENS

Family Thrive Early Help Co-ordinators are running a free course for parents or carers of teenagers and pre-teens who are looking to better understand and communicate with them – it offers an opportunity to understand what's going on in the adolescent brain and how to understand their feelings and behaviours using an authoritative parenting style. Sessions will focus on relationships within the family, communication, negotiation, decision-making and strategies to reduce conflict.

The group aims to develop:

- relationships between teenagers and parents/carers
- a calmer home life
- confidence when talking about difficult issues
- an understanding of teenage needs and development

Who would be eligible to attend this course?

- Parents and carers of pre-teens and teenagers who are currently in years 6 & 7 but there may be availability for years 5 & 8
- There is no physical or extremely challenging behaviour present in or outside of the family home. This course focuses on the importance of empathy and positive discipline
- Family must reside in Lewisham borough

How long is the course?

- Each group is 4 sessions over the course of 4 weeks
- 2 hours per session (10.00am-12.00pm on Wednesdays)

For more information or to register your interest, please email our duty box: [EHCFamilyThrive@lewisham.gov.uk](mailto:EHCFamilyThrive@lewisham.gov.uk)

## What Parents & Carers Need to Know about LIVE STREAMING

Live streaming involves broadcasting and watching videos online in real time, often on social media or via platforms like YouTube and Twitch. Viewers can interact through comments, chats and reactions during the broadcast: such instant engagement makes this an exciting way to share experiences, learn from others and build digital communities. Despite the many positives, live streaming also creates a potential platform for unsuitable content and poses some risks to children: it's essential to keep privacy and safety in mind and comply with each site or app's age restrictions.

### WHAT ARE THE RISKS?

#### LACK OF AGE VERIFICATION

Despite their age restrictions, some platforms don't require proof of age at sign up – meaning that anyone can register for an account (and potentially pretend to be older or younger than they actually are). In many cases, this means that young live streamers can never be totally certain exactly who they are broadcasting to and who is engaging with their live stream.

#### DISCLOSING PERSONAL INFO

A characteristic of live streaming is the ability for videos to be instantly shared worldwide. Without the correct privacy settings enabled, a child could inadvertently reveal personal information or their location, making them vulnerable to online predators or identity theft. It's wise to regularly check the privacy settings (and what data is being shared) on any apps your child has signed up for.

#### ANYTHING COULD HAPPEN

As the video streams are live, children might encounter (or inadvertently share) inappropriate content. Most live-streaming apps have rules to prevent this and monitor their services, also providing report buttons where content can be flagged for review. It may not be dealt with instantly, however, meaning that your child could be further exposed to harmful content during a live stream.

**AGE RESTRICTION**  
13+  
16+  
18+  
Age varies by platform

#### UNAUTHORISED RECORDINGS

Each live streaming platform stores completed videos for different periods (Twitch saves broadcasts for 60 days, for example, while Facebook and YouTube remove them only at the creator's request). Deleting a video, though, doesn't always stop it from being shared: in some cases, streams have been illegally recorded (or screenshots taken) by certain viewers and redistributed on other sites.

#### ROGUE CONTENT CREATORS

Children can also watch other people's live streams, which could potentially contain anything at any time (such as nudity, drug use or profanity). Most apps claim to monitor live streams and will stop any that don't adhere to their guidelines – but with millions of streams per day, it's complicated to regulate them all, so children could be exposed to inappropriate content without parents knowing.

#### DANGER OF GROOMING

There are increasing reports of children being coerced into performing "suggestive acts" by strangers on some live-streaming apps. Due to the lack of verification required for certain apps, almost anyone can sign up to these services (including anonymously or under a fake identity). It's vital, therefore, to ensure the correct safety measures are in place before your child begins live streaming.

## Advice for Parents & Carers

#### PUT PRIVACY FIRST

Through the streaming app's settings, switch your child's account to 'private', so only their friends and followers can see their broadcasts. You could also turn off the live chat, shielding your child from any upsetting comments – although viewers' feedback is often seen as an integral part of the fun. Identify any nearby items (such as school uniforms or visible landmarks) that could give away your child's location.

#### MANAGE MULTISTREAMING

Some apps and sites let users stream their content through multiple social media platforms at once. A broadcast on StreamYard, for example, can be shared on YouTube, Twitch, X and Facebook if the accounts are linked. The privacy settings can differ on each of these, so we'd suggest only streaming via one platform at a time to maintain greater control over who's watching your child's videos.

#### GET INVOLVED YOURSELF

Research suggests a significant number of streams show a child on their own, often in a supposed safe space like their bedroom. If your child wants to live stream, ask if you could be present because you're interested in how it works. You could even set up your own account to gain a more detailed knowledge of what your child talks about in their live streams – and who they're broadcasting to.

#### TALK ABOUT LIVE STREAMING

Try to start with positives before discussing potential risks. You could ask which live streaming apps your child likes and how they use them. Do they just watch streams or create their own? Explain why it's unwise to reveal personal information while streaming (even to friends). If you feel your child's too young for live streams, explain your reasoning to them and perhaps agree to review this decision in the future.

#### CONSIDER THEIR ONLINE REPUTATION

As the broadcasts are live, it often causes the misconception among young people that whatever happens in their video simply 'vanishes' once the stream ends. However, videos can stay online indefinitely or be recorded by other users. It's important that your child understands what they do and say in a live stream could potentially damage their online reputation and, quite possibly, be seen by prospective future employers, colleges or universities.
