

### Core Learning

All children will access their core learning with their mainstream class. Please refer to their year group curriculum bulletin for information about their reading, writing and maths learning.

### Handwriting

All children will have a focus on improving their letter formation during daily handwriting sessions using bubble letters to improve their letter formation and letter sizing. We will also be doing short fine motor skills activities to encourage a firm pen/ pencil grip.

### Computing

Children will learn to create vector drawings. by using different drawing tools to help them create images. They will recognise that images in vector drawings are created using shapes and lines, and each individual element in the drawing is called an object. They will learn to group and duplicate objects to create complex pieces of work.

### Meet the Team!

**Team Leader:** Ciara

**Teaching Staff:** Ciara & Sai

**Support Staff:** Aaliyah, Azena, Jamie, Raziya and Renie

## Blue Pathway Topic

## Independence

### Supporting Your Child's Learning

Please encourage your child to read at least five times per week. Please also ensure your child logs into their Mathletics, TTRS and spag.com accounts using their login details. Activities are set every Friday. It is important that the children learn their spelling words weekly, as this will really help with their reading and writing.

## Resource Base - Spring 1

### Life-Skills

We will be focusing on developing the children's independence through a range of life skills such as: supported travelling skills, map skills and cooking.

The children will also be developing their own targets for independence at school and at home.

### Interventions

Blue Pathway children will have weekly sessions learning about the zones of regulation. We will also be running small group interventions for: language for thinking to develop comprehension, Talkabout social skills to develop the children's self-awareness, social behaviours and friendships and precision teaching groups to support their spelling. The resource base team and our speech and language therapist will also be delivering group and individual interventions outlined in your child's EHCP.

### PE

Blue Pathway children will access P.E with their mainstream class.

# Creative Subjects

## Art

Blue Pathway will be exploring photography and the comic book genre. We will be making our own comics about ourselves and Base life using the iPads.

## Dance

In dance we will be performing partner dances from throughout history including Swing, The Jive, and Disco.

## Music

The children will be learning how to play the steel pans. This will help with developing team working skills, managing in noisy environments (and learning to minimise and regulate their own dynamics) and to develop musicality in a team setting.

We will work on warm-ups and aim to have a final piece ready for performance.
